IMAR
INTERNATIONAL MEETING
OF ANIMAL REPRODUCTION

PROMOTORES :

Pós-Graduação
Medicina Veterinária

FOMENTADORES:

PARCEIROS:

PATROCINADORES

Diamond

Platinum

Gold

Silver

Bronze

ABERTURA OFICIAL DO EVENTO

Palestra Magna

Dr. Vladimir Oliveira di Iorio
Diretor de Relações Internacionais,
DRI/Universidade Federal de Viçosa,
Brasil

27/10

Terça-feira

08:00h – 18:00h Credenciamento e entrega de materiais

18:02h – 18:50h Abertura oficial do Evento

19:00h – 20:00h Palestra Magna: Impact of partnerships and the globalization of knowledge on Human resource development

20:02h – 22:00h Coquetel de Integração

Local: Auditório – Espaço Cultural Fernando Sabino

Plenárias

28/10 Quarta-feira

08:00h – 09:00h Principles for improving reproductive success in dairy herds

**Dr. Milo Charles Wiltbank, Department of Dairy Science,
University of Wisconsin-Madison, USA**

09:15h - 09:45h Coffee break

18:30h as 19:30h - Apresentação de trabalhos em formato "pôster"

19:30h as 21:00h - Coquetel de Integração

29/10 Quinta-feira

08:00h – 09:00h Pig molecular development and myogenesis in early gestation

**Dra. Simone Eliza Facioni Guimarães, Departamento de Zootecnia,
Universidade Federal de Viçosa, MG, Brasil**

09:15h - 09:45h Coffee break

18:30h as 19:30h - Apresentação de trabalhos em formato "pôster"

19:30h as 21:00h - Coquetel de Integração

30/10 Sexta-feira

08:00h – 09:00h How to apply new knowledge on genetically changing sows and embryos

Dr. Egbert F. Knol, Topigs Norsvin Research Center, Netherlands

09:15h - 09:45h Coffee break

18:30h as 19:30h - Apresentação de trabalhos em formato "pôster"

21:00h as 23:59h - Jantar de Confraternização e Encerramento do Evento
(Espaço Trigoleve)

Minicursos 26 e 27 de outubro

08:00h – 12:00h e 14:00h – 18:00h

Painel de Pequenos Ruminantes

Semen Collection and Cryopreservation

Dr. Felipe Zandonadi Brandão
Universidade Federal Fluminense,
RJ, Brasil

Dra. Larissa Pires Barbosa
Universidade Federal do
Recôncavo da Bahia, BA, Brasil

Embryo Collection and Cryopreservation

Dr. Jeferson Fonseca
EMBRAPA Caprinos e Ovinos,
Brasil

Dra. Joanna Souza-Fabjan
Universidade Federal Fluminense
RJ, Brasil

Local: A definir

IMAR
INTERNATIONAL MEETING
OF ANIMAL REPRODUCTION

28/10

Quarta-feira

Painel de Pequenos Ruminantes

Dr. Pawel Mieczyslaw Bartlewski,
Department of Biomedical Sciences,
University of Guelph, Canada

10:00h – 11:00h – Imaging and imagining in reproductive biology – focus on small ruminants

15:00h – 16:00h – Metabolism–reproduction links in small ruminants: 'axis' or 'tree'

16:00h – 16:30h - Coffee break

Dr. Graeme Bruce Martin
School of Agriculture and Environment,
University of Western Australia, Australia

Dr. Jeferson Ferreira da Fonseca
EMBRAPA Caprinos e Ovinos, Brasil

11:00h – 12:00h – Challenges to increase artificial insemination efficiency in dairy goats

12:00h – 14:00h - Lunch time

16:30h – 17:30h – Global Trends in Small Ruminant Embryo Technologies

Dra. Joanna Souza-Fabjan
Universidade Federal Fluminense
RJ, Brasil

Dr. Felipe Zandonadi Brandão
Universidade Federal Fluminense,
RJ, Brasil

14:00h – 15:00h – Early pregnancy diagnosis and estrus resynchronization in small ruminants

17:30h – 18:30h – Nutrition, testicular morphometry, and sperm quality in small ruminants: impacts on field fertility

Dra. Larissa Pires Barbosa
Centro de Ciências Agrárias,
Ambientais e Biológicas, Universidade
Federal do Recôncavo da Bahia, BA, Brasil

Local: Auditório - Economia Rural

IMAR
INTERNATIONAL MEETING
OF ANIMAL REPRODUCTION

29/10

Quinta-feira

Painel de Pequenos Ruminantes

Dr. José Alberto Delgadillo Sánchez
Departamento de Ciencias Médico-Veterinarias,
Universidad Autónoma Agraria Antonio
Narro, Mexico

10:00h – 11:00h – Alternatives in Reproductive Management
of Small Ruminants: Photoperiod, Nutrition
and the Male Effect

15:00h – 16:00h – Proteomics of seminal plasma and its
relationship with semen freezability and fertility

16:00h – 16:30h - Coffee break

Dr. Xavier Druart
Institut National de la Recherche
Agronomique, France

Dr. Rodolfo Ungerfeld
Facultad de Veterinaria,
Universidad de la Republica,
Uruguay

11:00h – 12:00h – Non-hormonal strategies in
reproductive management in small ruminants

12:00h – 14:00h - Lunch time

16:30h – 17:30h – Advances in Artificial Ovary
Technology in Small Ruminants

Dr. José Ricardo Figueiredo
Faculdade de Medicina Veterinária,
Universidade Estadual do Ceará, CE, Brasil

Dra. Juliana Martins
Faculdade de Medicina Veterinária,
Universidade Estadual do Ceará, CE, Brasil

14:00h – 15:00h – Effects of Nutrition on
Reproduction in Goats and Sheep

17:30h – 18:30h – Kinetic, cytometric, and confocal
tools to analyze sperm, granulosa cells, and embryos:
applications in sheep and goats

Dr. Antônio Sérgio Varela Júnior
Instituto de Ciências Biológicas,
Universidade do Rio Grande, RS, Brasil

UFV
Universidade Federal
de Viçosa

Local: Auditório - Economia Rural

IMAR
INTERNATIONAL MEETING
OF ANIMAL REPRODUCTION

30/10

Sexta-feira

Painel de Pequenos Ruminantes

10:00h – 11:00h – Reproductive biology and conservation of Neotropical cervids: challenges and applied biotechnologies

15:00h – 16:00h – Technical improvements in cloning: from Dolly to automated system

16:00h – 16:30h - Coffee break

Dr. José Mauricio Barbanti Duarte
Faculdade de Ciências Agrárias e Veterinárias,
Universidade do Estado de São Paulo,
SP, Brasil

Dr. Pasqualino Loi
Dipartimento di Medicina Veterinaria,
Università degli Studi di Teramo,
Italy

11:00h – 12:00h – New Insights into Oviductal Embryo Development and Maternal Recognition of Pregnancy in South American Camelids

12:00h – 14:00h - Lunch time

16:30h – 17:30h – Sustainable biotechnologies for small ruminants: global challenges, innovations and policies for the production system

Dr. Jesus Manuel Palomino Cano
Facultad de Medicina Veterinaria y Zootecnia,
Universidad Científica del Sur,
Lima, Perú

Dr. Philippe Cheminau
Animal Physiology and Livestock
Systems Institut National de Recherche
pour l'Agriculture, l'Alimentation
et l'Environnement, France

14:00h – 15:00h – Lyophilization and vitrification of oocytes and embryos in goats and sheep

17:30h – 18:30h – Integrating omics to understand cervical function and sperm transport in sheep

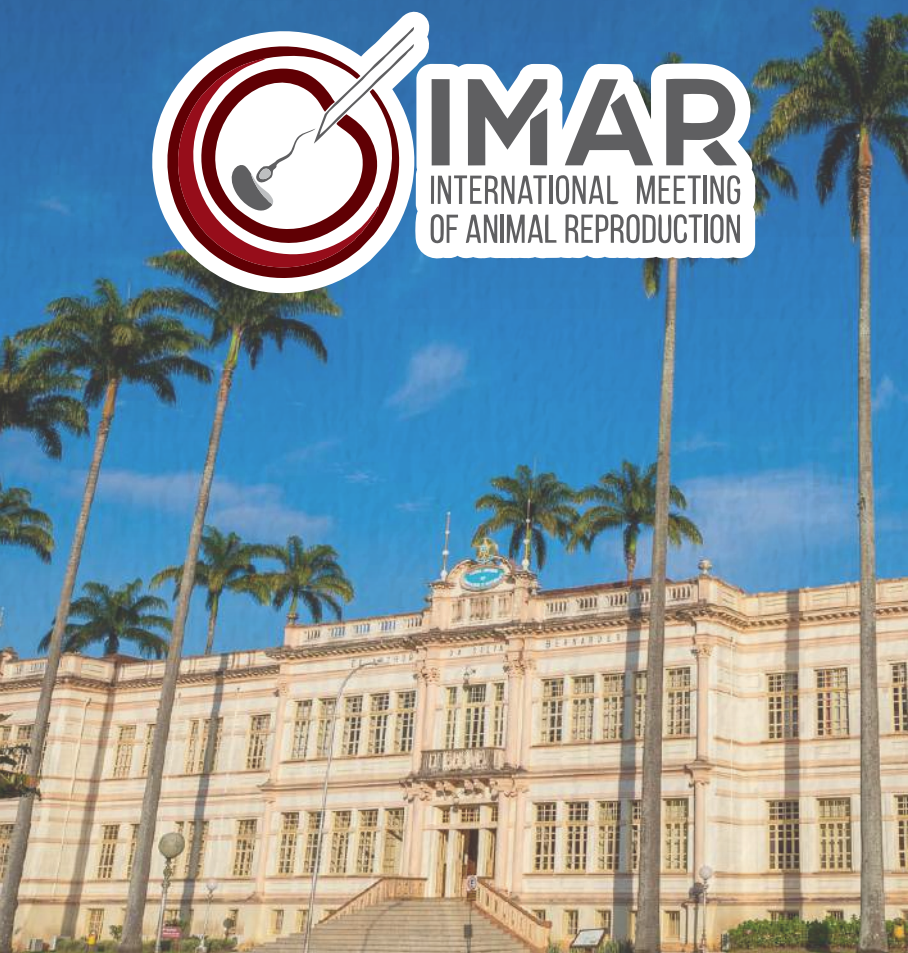

Dr. Noelia Gonzales Orti
Facultad de Veterinaria,
Universidad de Zaragoza, Spain

Dr. Sean Fair
Department of Biological Sciences,
University of Limerick, Ireland
