APRESENTAÇÕES DOS PÔSTERES

Dia: Quinta-feira - **29/10/2026**

Horário: Das **18h30 às 19h30**

Local: Espaço Cultural Fernando Sabino

Informamos que os trabalhos listados abaixo foram programados para apresentação de pôsteres na data, no horário e no local informados acima.

Orientações para a apresentação dos pôsteres:

- O uso do *template* (modelo do banner) oficial do evento é **OBRIGATÓRIO** e está disponível no site do evento.
- Os pôsteres deverão ser afixados até 15 minutos antes do início da sessão de apresentação.
- O autor deverá permanecer junto ao pôster durante toda a sessão.
- Os pôsteres deverão ser retirados imediatamente após o término da sessão de apresentação. Aqueles que não forem retirados serão descartados pela organização do evento.

Título do trabalho	Painel
Comparison of injectable and reused intravaginal progesterone preceding ovulation induction in prepubertal Gyr dairy heifers	Painel de Bovinos
Antral follicle count was not associated with reproductive performance in Gyr dairy females undergoing timed artificial insemination	Painel de Bovinos
Algorithmic sequestering of bitmap data derived from mammary gland ultrasonograms for determining physicochemical characteristics of bovine milk	Painel de Bovinos
Association of sodium caseinate and cholesterol improves the kinematics of cryopreserved bovine spermatozoa	Painel de Bovinos
Effect of egg yolk concentration in sodium caseinate-based extenders on sperm membrane stability and integrity	Painel de Bovinos

Effects of early PGF2α administration during timed artificial insemination on follicular development and reproductive performance in Gyr dairy cows	Painel de Bovinos
Premature luteal regression limits the confirmation of puberty after injectable progesterone treatment in Gyr dairy heifers	Painel de Bovinos
Luteal persistence confirms puberty after a reused intravaginal progesterone device protocol in Gyr dairy heifers	Painel de Bovinos
Association of paternal origin with age and body weight at puberty in young Nellore bulls	Painel de Bovinos
Role of the PI3K pathway in gene expression and bidirectional communication between the oocyte and cumulus cells	Painel de Bovinos
Effect of phosphatidylglycerol during in vitro maturation on total and freezable blastocyst rates in cattle	Painel de Bovinos
Phosphatidylglycerol during in vitro maturation reduces lipid content and increases mitochondrial activity in bovine oocytes	Painel de Bovinos
Phosphatidylglycerol in in vitro maturation medium alters oxidative metabolism in bovine cumulus cells	Painel de Bovinos
Sperm Proteomic Signatures of Uncapacitated Spermatozoa from Nelore Bulls with Contrasting Capacitation Responsiveness	Painel de Bovinos
Factors associated with pregnancy in Gyr dairy females undergoing timed artificial insemination	Painel de Bovinos
Seropositivity to reproductive pathogens is not associated with pregnancy following timed artificial insemination in Gyr dairy females	Painel de Bovinos
Relationship between total oocyte yield and genomic merit for age at first calving among Gyr dairy donors	Painel de Bovinos
Genomic merit for age at first calving is not associated with the yield of viable oocytes in Gir dairy donors	Painel de Bovinos
Association between seropositivity to reproductive pathogens and pregnancy loss in Gyr dairy females after timed artificial insemination	Painel de Bovinos
Frequency of use of bull breeds for in vitro fertilization of Gir cows oocytes	Painel de Bovinos

Comparison between surgical and immunological techniques for nelore cows castration created on pasture	Painel de Bovinos
Histopathological alterations of murine placenta associated with gestational zika virus infection	Painel de Bovinos
Feline penile squamous cell carcinoma: A case report.	Painel de Cães e Gatos e Animais Silvestres
Palpebral transmissible venereal tumor in a dog: A case report	Painel de Cães e Gatos e Animais Silvestres
Secondary abdominal ectopic pregnancy in a bitch: A case report	Painel de Cães e Gatos e Animais Silvestres
Bilateral oophoritis associated with sepsis in a bitch: A case report	Painel de Cães e Gatos e Animais Silvestres
Association between neutering and the occurrence of neoplasms in dogs seen at the UNISA Veterinary Clinic (2019–2024).	Painel de Cães e Gatos e Animais Silvestres
Vulvovaginal deformity and urogenital changes associated with a history of transmissible venereal tumor in a bitch: reconstructive surgical approach and reproductive implications – case report	Painel de Cães e Gatos e Animais Silvestres
Ovarian remnant syndrome in a cat with exogenous estradiol exposure: A case report.	Painel de Cães e Gatos e Animais Silvestres
Spermatic cord torsion of an abdominal ectopic testis in a dog: A case report	Painel de Cães e Gatos e Animais Silvestres
Testicular histology as a tool for assessing sexual maturation in male Sotalia guianensis (Cetartiodactyla: Delphinidae)	Painel de Cães e Gatos e Animais Silvestres
Histomorphology and histomorphometry of seminiferous tubules of juvenile Chroicocephalus cirrocephalus (Charadriiformes: Laridae) from the northern coast of Rio de Janeiro	Painel de Cães e Gatos e Animais Silvestres
Histomorphological characterization of the ovaries of juvenile Chroicocephalus cirrocephalus (Charadriiformes: Laridae) from the northern coast of Rio de Janeiro State.	Painel de Cães e Gatos e Animais Silvestres
Testicular histological morphology of Physalaemus cuvieri (Anura: Leptodactylidae) adults	Painel de Cães e Gatos e Animais Silvestres
Histomorphological description of the ovaries of adult Physalaemus cuvieri (Anura: Leptodactylidae)	Painel de Cães e Gatos e Animais Silvestres

Urogenital papilla coloration and gonadal ultrasonography in female Prochilodus lineatus during hormonal induction	Painel de Cães e Gatos e Animais Silvestres
Refrigeration of cat (felis catus) ovarian tissue with commercial extenders formulated for semen cryopreservation	Painel de Cães e Gatos e Animais Silvestres
Diagnosis of Bordetella bronchiseptica in a uterine sample from a Mangalarga Marchador mare: A case report of recurrent endometritis	Painel de Equinos
Uterine Lavage as a Diagnostic Tool for the Identification of Etiological Agents and Antimicrobial Susceptibility in Mares with Endometritis	Painel de Equinos
Uterine hemodynamics and serum progesterone levels during the first seven days post-ovulation in mares – preliminary data	Painel de Equinos
Cooling and Cryopreservation of Spermatozoa Recovered from the Cauda Epididymis in a Brazilian Pony: A Case Report	Painel de Equinos
Postoperative Complications Following Surgical Repair of Third-Degree Rectovaginal Lacerations in Mares	Painel de Equinos
Characterization of extracellular vesicles from low-volume equine uterine lavage	Painel de Equinos
Effects of post-mating hCG administration on gestation rate in dairy goats	Painel de Pequenos Ruminantes
Effects of conventional and Ovsynch protocols on the occurrence and total luteal area of corpora lutea in Saanen dairy goats during the transition period of the breeding season	Painel de Pequenos Ruminantes
Traumatic testicular abscess and suppurative orchitis caused by escherichia coli in a santa inês ram	Painel de Pequenos Ruminantes
Effect of Averrhoa carambola L. ethanolic extract on oocyte maturation and in vitro ovine embryo production: partial results	Painel de Pequenos Ruminantes
Optimization of the in vitro maturation medium for ovine oocytes: the potential of combining estradiol and astaxanthin	Painel de Pequenos Ruminantes
Use of Amburana cearensis in the oocyte maturation medium accelerates the development of in vitro produced ovine embryos	Painel de Pequenos Ruminantes
Effect of astaxanthin inclusion in the maturation medium on the in vitro production of ovine embryos	Painel de Pequenos Ruminantes

Clinical and hematological parameters of ewes treated with a novel recombinant eCG molecule	Painel de Pequenos Ruminantes
Diagnosis, treatment, and reproductive outcome of hydrometra in a Saanen dairy goat: case report	Painel de Pequenos Ruminantes
Use of Intravaginal Implants Impregnated with Long-Acting Injectable Progesterone for Estrus Synchronization in Santa Inês Ewes	Painel de Pequenos Ruminantes
